

## Benefits Overview:

- Lightweight reducing lifting and handling issues: The covers are easily removed by a two man lift, even at heavy duty load ratings
- Improved efficiency and productivity: Quick removal and no expensive lifting apparatus required, just the ergonomically designed Fibrelite lifting handle
- Corrosion resistant
- No resale value to the scrap market so will not be stolen
- Non-metallic and will not spark
- Composite is lightweight, strong and unlike concrete will not crumble or crack
- Guaranteed structural performance: All covers are tested to BS EN 124 standards

*Fibrelite trench covers have an anti-slip surface*

*Provided with a RAL number, Fibrelite can provide to any colour requirement*
